Using the online map (<http://www.g.co/maps/xvcfq>), use the below guide to the most common meeting locations to meet your umpiring partner.

In preparation for umpiring a game you should:

1. Communicate with your assigned umpiring partner at least two days prior to your scheduled game. Confirm when and where you will meet. Determine who will work the plate and who will work the bases.
2. The day prior to your assignment, call the school's athletic department to confirm the game's time and location. Make sure the school has your contact information should there be any last minute changes.
3. If you need to contact a coach, their names and phone numbers are listed below.
